

Happy New Year Belated & Merry Christmas

Every year, we are amazed at the life we have been blessed to live. We have our health, each other, and the ability to do what we love to do. On this note (and this has become a broken record)—

We snow skied our ages this past winter at the usual suspects... Big White, Canada; Vail, CO; Breckenridge, CO; Beaver Creek, CO; Park City, UT; Powder Mountain, UT; Squaw Valley, CA; Northstar, CA; and Heavenly, CA. We were joined by friends in Big White, Heavenly, Vail and Powder Mountain.

We continue to enjoy water skiing on the Colorado River with friends. And, as usual, we returned to Cabo and Hawaii in the fall.

Our new firsts for the year included a 3-day rafting trip through the Gates of Lodore in Utah and a visit to the overwhelming Carlsbad Caravans in New Mexico. As the ranger said in Carlsbad, you don't go there by accident. We also visited White Sands (loved) and Roswell (was not convinced of aliens).

We wish you a year blessed with love, happiness & good health.

Gene & Catherine Fulkerson

The year has again gone by way too fast. 2020 has been planned to be more of the same— snow skiing, water skiing, beach, hiking, travels and plenty of fun. One “new” to do will be a trip to Nashville and a visit with my brother in the Smokies.

Please stay in touch. We love hearing from everyone. Connect with us via facebook, e-mail, cell or on one of our adventures.

AND if you are ever in San Diego, be sure to give us a call as we have a couple of spare bedrooms just waiting for company.

NEW YEAR 2020

Skiing with Barry and Howard in Heavenly.

Fun times with Steve and Peggy in Cabo... maybe a bit too much fun... and sun.

No one photo can do justice to Yellowstone. Can't wait to go back again.

Love Sedona which might explain way we go back year after year. This was the first time we took a sunset Jeep tour. It was spectacular.

The five OHL siblings meet at mom's favorite restaurant, the Northwoods Inn. We do this anytime our brother gets to the west coast... after he's had his fill of In 'n Out.

Gene is such a entertaining guy... and way too much fun.

Impressive water skiing at any age.

Gene lost his twin brother this year. Gene visited Jack in the hospital and we all thought Jack would recover... a bit of a shock when he didn't. RIP Jack.
